

In Re PATENT APPLICATION of

Applicant: Inga et al.

Docket: IS3

Filing Date: 05/31/94

Examiner: Rogers, S.

Serial Number: 08/251,133

Art Unit: 2612

Title: Medical Image System with Progressive Resolution

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

TO: Commissioner of Patents and Trademarks  
Washington, DC 20231

Sir:

In response to an Office Action of 09/23/94 on the subject application, please enter a terminal disclaimer under 37 CFR 1.132(b) submitted herewith and accompanied by a check for \$55 as is appropriate for a small entity statutory disclaimer per 37 CFR 1.20(d) (Fee code 248).

REMARKS

1) The terminal disclaimer submitted herewith is believed to overcome the Examiner's provisional obviousness-type double patenting rejection. Reconsideration is requested.

2) Objection to the drawing's informality is noted. This objection is believed to have arisen from a poor quality photocopy. A copy of the drawing that is believed acceptable is submitted herewith. Applicant notes the drawing submitted herewith is identical to that published in applicant's US 5,321,520 and to that accepted in applicant's earlier filed 08/206,525.

3) Applicant considers no comments are necessary on Examiner's reasons for allowability stated in subject Office Action.

Date: 10/28/94
